

Wm Lloyd Garrison,

Boston,

(From J. C. Fremont) Map.

To be examined.

New York 5th March 1864

My dear Sir, I have been unwell
for nearly two weeks and am
consequently in unclean with
my correspondents. I had the
satisfaction to receive your
note of the 28th enclosing a
proof of our good friend Gov.
Andrews' remarks at Music
Hall. I read them with the
pleasure I always find in any
thing from him. It is very
agreeable to me that you approve
so emphatically my part in
the reception of Mr. Thompson.
You know that I am not very
fond of public speaking, or at
least you know that I do not
do it, but I was glad of this

opportunity to speak my respect
for Mr. Thompson & men like
him who had led the advance
in the battle we are now
fighting. I sent you yesterday
the Herald's report which gives
very well the completion of the
meeting, & also the Tribune
which reports correctly what
I had to say. With my thanks

I am yours truly

A. Lincoln.

Wm Lloyd Garrison,

Boston.
